

MUHAMMAD NAQSH

Full-Stack MERN & React Developer

GitHub: github.com/Naqsh786 • Portfolio: naqsh-portfolio.vercel.app • DOB: April 2012 • Contact: 0335-2157097, 0334-3452916

PROFESSIONAL PROFILE

Full-Stack Web Developer with practical experience building and deploying modern web applications using the MERN stack. Experienced in frontend development, backend APIs, database integration, authentication, payment systems, Git workflows, and deployment. Passionate about creating responsive, scalable, and user-focused applications while continuously learning modern technologies.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), HTML5, CSS3, Dart
Frontend	React.js, Vite, React Router, Redux Toolkit, Tailwind CSS, React Hook Form
Backend & APIs	Node.js, Express.js, REST APIs, JWT Authentication
Database	MongoDB, Mongoose
3D & Animation	Three.js, React Three Fiber, GSAP, Framer Motion
Integrations	Stripe, Google OAuth, Socket.io, Cloudinary, Multer, Nodemailer
Mobile	Flutter, Dart, Firebase
Tools & Deployment	Git, GitHub, Vercel, VS Code
Currently Learning	Next.js, TypeScript, AI-powered applications

EDUCATION

APTECH — HDSE / ADSE	Joined 28 August 2023 • 5 semesters completed • Final semester in progress • Course: ADSE-7062 • APTECH Learning University Road Centre, Karachi
Matriculation	Currently preparing for Matriculation examinations
Arabic Language — A1	Lingo School of Languages, Gulshan Campus • Completed 11 August 2026

SELECTED PROJECTS

Majestic Event Management System — Full-Stack MERN

github.com/Naqsh786/Event-Managment

- Built a full-stack event platform for creating, managing and interacting with events.
- Implemented JWT authentication and Google OAuth, Socket.io real-time communication, Cloudinary media uploads and automated email notifications.
- Frontend built with React, Vite, Redux Toolkit and React Router; backend powered by Node.js, Express.js, MongoDB/Mongoose and JWT.

Hotel Management System — Full-Stack MERN

github.com/Naqsh786/Hotel-Managment-System

- Developed a complete hotel platform with Guest, Staff and Admin workflows.
- Implemented room browsing and booking, Stripe payments, live chat, service requests, food ordering, reviews, role-based access and management analytics.
- Integrated Socket.io, Chart.js, Cloudinary and Nodemailer with a MongoDB/Express backend.

AURA FIT — Gym Management System — Full-Stack MERN

github.com/Naqsh786/Gym-Managment-System

- Created a fitness management platform covering membership, class booking, trainer scheduling, payments, analytics and administrator workflows.
- Built a premium responsive interface with Framer Motion/GSAP and an interactive 3D hero experience using React Three Fiber.

ADDITIONAL PROJECTS

Naqsh Portfolio — Full-Stack / 3D

github.com/Naqsh786/Naqsh-Portfolio

- Built a full-stack developer portfolio with interactive 3D WebGL visuals, animated UI, theme switching and an authenticated admin portal.
- Implemented React, Vite, Three.js / React Three Fiber / Drei, Tailwind CSS, Node.js, Express, MongoDB/Mongoose and JWT authentication.
- Added contact inquiry management with search, read/unread controls, delete actions and database fallback handling.

- Modern web project built with Next.js, TypeScript and Tailwind CSS, demonstrating progression into the Next.js ecosystem.

CERTIFICATIONS & ADDITIONAL TRAINING

Hardware & Networking	Computer Collegiate • 15 December 2022 – 15 February 2023 • PC components, assembling, troubleshooting, upgrades/replacement and OS installation/troubleshooting.
Office Automation 2019	Computer Collegiate • 7 March 2022 – 7 May 2023 • Windows 10, Microsoft Word, Excel, PowerPoint, Internet and Email.
Hifz Completion	Wifaq-ul-Madaris Al-Arabia Pakistan • Official completion certificate issued 21 February 2026.
Arabic Language — A1	Lingo School of Languages, Gulshan Campus • Completion date: 11 August 2026.
